

CHURCH AVOIDS POLITICS

Presbyterians Turn Down Wishes of Anti-Saloon Enthusiasts

[Associated Dailies Telegram] Columbus, May 22.—At the session of the Presbyterian general assembly here, developments in the temperance controversy aroused by the antagonism of the Anti-Saloon league to the interchurch Temperance federation came rapidly. The standing committee on temperance referred all the resolutions affecting the attitude of the church toward the federation and the league to the committee on policy, which decided to recommend that no member of the Presbyterian church as such could be an officer or member of the Anti-Saloon league; that they should participate in the work of that organization as individuals. At the same time the standing committee on temperance received and adopted a resolution asking the standing committee to define the duties of the permanent committee on temperance which represents the church in the interchurch Temperance federation. The whole controversy now hangs on the definition of the duties of the permanent committee on temperance. The supporters of the Anti-Saloon league are endeavoring to have the work of this committee confined to promoting temperance along educational and scientific lines, leaving the political field entirely to the Anti-Saloon league. The standing committee on temperance later reached a unanimous decision whereby it will present a report favoring the carrying on of temperance work along educational and scientific lines to the exclusion of political activity. The report of the committee is in the nature of a compromise. The general assembly has received and adopted a number of reports, including those of the board of home missions and the board of education. The assembly adopted a resolution declaring that \$1,000,000 is the least sum which the churches can be asked to give to enable the board to properly carry through its work this year. An interesting feature of the session was the presentation to the assembly of the Rev. W. H. Evans, moderator of the Welsh Presbyterian church, who announced that a movement had been started in that body looking to a union with the parent church. The announcement was received with prolonged applause.

J. J. ROSE DROPPED DEAD

[Associated Dailies Telegram] New York, May 22.—A riot between five hundred Longshoremen strikers and strike-breakers took place today, in south Brooklyn. Several shots were fired and the police reserves called to restore order. The trouble started when three hundred colored strike breakers were stopped by strikers to urge them not to go to work. One negro struck a striker with his fist and a general fight resulted. Michael Stubbs, a negro was arrested for shooting.

JAILBIRDS BEAT GUARD AND GO FREE

Sensational Escape From Toledo Work House This Morning
[Associated Dailies Telegram] Toledo, May 22.—Nine prisoners overpowered guard Trempt at city workhouse today and escaped. The guard was brutally choked and beaten into insensibility. A section of the fence was kicked down and a boat carried the prisoners from the island. Shots from pursuing guards failed to take effect. The jail delivery was planned and executed by "Chick" Caldwell, the noted horse thief.

KILLED AT DENNISON TODAY

[Associated Dailies Telegram] Uhrichsville, May 22.—George Deeslie, of Dennison, aged 35, a Panhandle freight engineer, was instantly killed east of Dennison this morning. He was looking out of his cab window when he was struck by another engine and his head crushed off. The fireman stopped the train.

Kelly Miller Gets Freedom

Sensational Turn to Noted Case Judge Tells Jury no Crime is Proven ---A Hard Blow to Prosecution ---Kelly's Letters

Kelly Miller is as free as a bird. He has been completely acquitted of the charge of causing the death of Cora Benell on February 11, at Fresno, Judge Nicholas having instructed the jury at 9:15 Wednesday morning to bring in a verdict of not guilty, after the state had rested its case. The reason for the unusual move was that "the state had failed to show that a crime was committed." Judge Nicholas ruled that the state could not introduce the letters written by Kelly Miller in which admissions were made by him nor the testimony of Detective Miller concerning statements made to him while he was in jail with the defendant. The instruction of the court to the jury was made when Attorney Tannehill, of Zanesville, arose and entered a demurrer to all the state's evidence and moved the court to instruct the jury. Prosecutor McDowell moved that the court withdraw a juror from the box and continue the case in order that the state might secure additional evidence. Judge Nicholas said such a thing was ridiculous. He asked the prosecutor to produce any authority to warrant such an action. Mr. McDowell said he could not produce it at once. Judge Nicholas refused to take the case from the jury and continue the case until more evidence could be secured and then start the case anew for the reason that man cannot be twice placed in jeopardy for the same crime.

Like a bomb thrown into a crowded city came the words of Judge Nicholas: "Gentlemen of the jury, it becomes my duty to instruct you to go to your room, elect one of your number foreman and return a verdict of not guilty. Mr. Clerk, you will prepare the verdict." The twelve men in the jury box looked dazed for a moment and Kelly Miller hardly knew whether to smile or cry. The turn of affairs was almost unheard of in local criminal jurisprudence. Clerk McBane prepared the blank verdict, the jury retired and in less than five minutes they returned. "Gentlemen, have you arrived at a verdict?" asked the clerk. "We have," responded John Carhart of Roscoe who had been elected foreman, and he handed it over to the clerk. "Not guilty." These were the sweet words which fell upon the ears of Kelly Miller, banishing forever the vision of the dark walls of the Ohio penitentiary, which like an awful specter must have been haunting his mind day and night. "Of course we take exceptions to all this," said Prosecutor McDowell. He also made a motion for a new trial but this will undoubtedly be overruled.

Paternity Charge Hangs
Attorney Hahn then asked the court if the motion to dismiss the paternity charge preferred against Kelly Miller by the trustees of White Eyes township could be heard at once. It was arranged that the motion should be argued at one o'clock but Prosecutor McDowell stated that he had not been employed by the trustees and that he did not feel that it is his duty as prosecutor to represent township trustees in their litigation but merely to advise them. The court sustained him on this point and the prosecutor was instructed to notify the White Eyes township trustees so that they can arrange to have the motion argued some time this week. Otherwise it will go over until after Judge Eason comes here on the third of June. Less than a day and a half was consumed in the trial of Kelly Miller. The jury was sworn Monday morning at 11 o'clock. Tuesday at 2 o'clock an adjournment was taken until Wednesday morning and before 9:30 the verdict was in.

The Detective
When court opened Wednesday morning Judge Nicholas read his decision on the question of whether the admissions contained in the letters written by Kelly Miller to Cora Benell and his statements to Detective Miller while in jail could properly be introduced in evidence. The decision was full and clear. He said he had gone into the matter deeply and felt sure that at least one in the court-

Pomeroy Strike Costs The U. M. W. \$8,000 a Month

Have it Well in Hand And Look Like Winners
While the strike down at Pomeroy is in good shape so far as the miners' organization is concerned, it is costing the United Mine Workers of Ohio the tidy sum of about \$8000 a month to carry it on. Pres. Green left Tuesday evening for headquarters in Columbus after spending three days at his cozy home on upper Chestnut street. He remarked to an Age man that the situation in Ohio just now is better than at any time since the scale was signed and that there is more hope for the state over than usual. Pres. Green expressed genuine regret and sorrow at the unfortunate accident at the Morgan Run mine that caused the life of young Thomas. He said the Coalminers' Union of Ohio

NAVARRE CASE A FIASCO

That the arrest of Joshua Forrester, Milt Kitchens and Ed Manning for an alleged robbing of a Navarre saloon was unjust and without foundation of fact was shown when the prosecution of the case asked their dismissal at the trial at Navarre Tuesday afternoon. Atty. Adams, Chief Maple and the two former returned Tuesday evening but the latter is employed at Lodi. The friends of the boys never for a moment doubted their entire innocence, and are rejoicing with them.

French Disappointed.
Paris, May 22.—The dispatches received here from Washington, saying that the American government will not open tariff negotiations with France on the ground that no practical purpose would be served by the appointment of a tariff commission, as the United States senate had failed to approve the reciprocity treaty drafted between the French and American representatives, have produced a painful impression. It is feared that the adjustment of several important questions, including the duties on oil, meat and coffee, which have temporarily been in suspense, will be injuriously affected by the decision arrived at in Washington.

Get Rid of Indigestion and Things Will Look Bright and Joyous.

Even in the present era of prosperity and good times everything appears black to those people who are suffering wretchedly from some form of indigestion. Where digestion is quick, complete and easy there is a joyous and hopeful outlook, but indigestion causes depression.

The want of a safe, effective cure for sick headache, indigestion and stomach troubles, was always felt until the prescription known as Mion stomach tablets was put up in popular form and proved its invariable success in the many forms of indigestion.

After a few days use of Mion stomach tablets the headache, dizzy feeling, drowsiness, bad taste in the mouth, coated tongue, nervousness, sleeplessness, distress after eating—all these symptoms of a weak stomach—will disappear and perfect digestion and a good skin will show that the vital machinery is once more running smoothly.

Mion is to be taken before each meal and it will stimulate the secretory and digestive juices and strengthen the whole of the digestive system so that the unpleasant full feeling will be absent and indigestion prevented.

Mion stomach tablets are sold only in a neat metal box convenient for the vest-pocket and cost 50 cents. C. E. Anderson has seen so many cures made by Mion stomach tablets that he gives a guarantee with every box that the money will be refunded if the remedy fails to give

The funeral of Lazelle Durbin will be held Wednesday morning at 9:30 o'clock from the home of Bailey Durbin, and the burial will be in the White Eyes cemetery. Rev. H. J. Kohler will probably have charge of the services.

The pall bearers are the other drivers in the mine.

The accident at the Morgan Run in which Lazelle Durbin's life was instantly snuffed out was the first mine accident in this section for nearly a year that has caused loss of life.

Mr. Durbin was only 23 years old, and well known and liked everywhere. He was not married, and lived with his brother Bailey Durbin in the old Denman home east of the city. He had been employed in the mine seven years.

He was a driver, and had gone into the room where Ben Doney was employed, to help Doney push a car out into the main entrance. They were both at one end pushing, but Doney happened to see the loose rock move slightly, and jumped back out of its way, shouting at the time for Durbin to do the same.

Too Late.
Durbin had turned to jump, but not quick enough. The huge rock struck him on the shoulders, and doubled him together, then crushed his life out beneath its enormous weight.

His skull and body were both badly crushed. His face was not cut beyond a small scratch on the forehead. His nose was mashed.

Doney at once gave the alarm to the other miners who came to his assistance, and soon piled the mass of stone up enough to allow the body to be removed.

The stone was wide enough to completely fill the entrance which is eight feet wide, and about fifteen feet long. It fell from the roof in the main entrance. The mass probably weighed not less than six tons.

Wolf's ambulance, one of the most up-to-date conveniences of its kind in the State, made a record run to the scene, and brought the body to their underground rooms where preparations for burial were made.

Beat the Train.
The great black train came up Main street to the railroad, but were blocked by a freight train moving rapidly west. Mr. Wolf, who was driving, quickly turned down south Fifth street and arrived at the Walnut street crossing ahead of the engine. The team made the distance of 1 1/2 miles in less than half hour, having made a brave run up hill and down.

My child was burned terribly about the face, neck and chest. I applied Dr. Thomas' Electric Oil. The pain ceased and the child sank into a restful sleep."—Mrs. Nancy M. Hanson, Hamburg, N. Y.

Taken to Jail In Style

Edward Henderson was arrested in the alley between East Main and Chestnut streets at an early hour Wednesday morning, by Turnkey Decker. The fellow was intoxicated and had spent the night in a barn nearby. Several women were badly frightened there Wednesday morning and notified the officer. The fellow was so completely under the "influence" that an express wagon had to be secured to haul him to the police station. Patrol wagon needed again.

John Knox was arrested in the west end of the city early Wednesday morning by Chief Maple charged with intoxication.

Electric Cars in Collision.

New York, May 22.—Thirty persons were injured, some seriously, in a collision between a three-car electric train bound for New York from Coney Island and a trolley car of the Thirty-ninth street line at Bath Beach. The collision occurred at a point where the two lines cross at right angles. The trolley car was struck by the electric train and almost every one of its passengers suffered injuries. Thirty of the most severely injured were conveyed to hospitals. As far as the physicians in attendance could judge, no fatalities will result. The conductors and motormen of both the electric train and trolley car and the flagman stationed at the crossing were arrested.

In the roots and barks of the different trees, and in the herbs and various shrubbery which Nature has placed at our disposal, are to be found healing, cleansing extracts and juices, which when properly mixed and compounded furnish to the blood and system the properties necessary to rid our bodies of disease and keep us strong, robust and healthy. In the time of our forefathers, when this land was little more than a wilderness, the forests and fields were the only laboratories from which they could procure their medicines and tonics. Their necessity has been our blessing, for they searched out and compounded these vegetable materials into teas, concoctions and medicines, many of which have been handed down to succeeding generations to bless them with their health-giving and health-sustaining qualities.

Among the very best of these preparations is S. S. S., a medicine made entirely from nature's roots, herbs and barks in such combination as to make it the best of all blood purifiers and the greatest of all tonics. We use annually nearly a million pounds of these roots, herbs and barks in the manufacture of S. S. S. alone. These are not purchased indiscriminately, but are obtained from the woods and fields under the direct supervision of our own botanists, and when they reach our laboratory contain all their natural blood-purifying and tonic properties.

The absolute safety of S. S. S. has always been one of the greatest points in its favor. Being purely vegetable, it is the one medicine that may be used without harm by young or old, or those in any condition of health.

When the system is infected with the germs of disease, it needs every particle of its recuperative strength to assist in removing the poisons and impurities which are causing the trouble. It should not be dosed with strong mineral mixtures and concoctions, which further add to the burden by disagreeably affecting the stomach and bowels, impairing the digestion, or perhaps eating out the delicate tissues of some vital organ. The only safe course to pursue is to use a remedy of guaranteed vegetable purity, and such a medicine is S. S. S.

For Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Skin Diseases, and all other troubles caused by impure or poisoned blood, S. S. S. is a perfect remedy. It goes down into the circulation and removes all poisons, impurities, humors or waste matter, and makes his life stream pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S. It removes every particle of the taint, purifies and strengthens the weak, deteriorated blood, and establishes the foundation for good health. As a tonic S. S. S. has no equal, and it will be found especially adapted to weak, anaemic persons. This medicine is not an experiment but a successfully proven, prompt and gentle acting remedy which was used by our ancestors, and being made by the same formula now it is still giving satisfactory results in the cure of blood and skin diseases of every character. Book on the blood and any medical advice free of charge to all who write. S. S. S. is for sale at all first class drug stores.

A Woman's Health

Is a heritage too sacred to be experimented with. For her peculiar and delicate ailments only medicines of known composition and which contain no alcohol, narcotics, or other harmful or habit-forming drugs should be employed. Such a medicine is Dr. Pierce's Favorite Prescription—a remedy with a record of over forty years of cures to recommend it; a remedy, the makers of which print its formula on every bottle-wrapper and attest its completeness and correctness under oath; a remedy devised and adapted to woman's delicate constitution by an educated physician—an experienced specialist in woman's diseases; a remedy every ingredient of which has received the written endorsement of the most eminent medical writers of all the several schools of practice for the cure of woman's peculiar diseases; a remedy which has more bona-fide cures to its credit than any other sold by druggists for woman's special requirements. It is not given away in the form of "trial bottles" to be experimented with, but is sold at a fair price by all dealers in medicines.

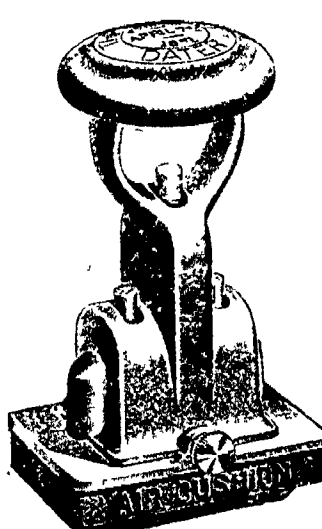

If a woman has bearing down, or dragging pains, low down in the abdomen, or pelvis, backache, frequent headaches, dizzy or fainting spells, is nervous and easily startled, has gnawing feeling in stomach, sees imaginary floating specks, or spots before her eyes, has melancholia, or "blues," or a weakening disagreeable drain from pelvic organs, she can make no mistake by resorting to the use of Dr. Pierce's Favorite Prescription. It will invigorate and tone up the whole system and especially the pelvic organs.

No woman suffering from any of the above symptoms can afford to accept any secret nostrum or medicine of unknown composition, as a substitute for a medicine like Dr. Pierce's Favorite Prescription, which is of known composition and has a record of over forty years and sells as largely today than ever before. Its makers withhold no secrets from their patients, believing open publicity to be the very best guaranty of merit.

Dr. Pierce invites all suffering women to consult him by letter free of charge. All letters of consultation are held as sacredly confidential and an answer is returned in plain sealed envelope. Address: Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

CHRISTIAN SOLDIERS
There is something inspiring in the very suggestion that every member of every Sunday school in the county gather in Coshocton at the time of the annual Chautauqua and march from the court house to the fair grounds. It is a consummation to be wished for and workers in all parts of the county should bend every energy in that direction. No matter to what port we drift in after life, we always look back with a certain tinge of pleasure to our Sunday school days. And the modern tendency to leave the Sunday school peopled with adults as well as children is gaining ground. It is as it should be. In our humble opinion the Sunday school far exceeds the church in actual usefulness, farbeit from us to underrate the value of the church. But the seeds of the work in Sunday school are always scattered on fertile ground—not to with the work of the church. But let there be a great Sunday school rally in Coshocton in August. We venture to suggest that the representation will be as high as 90 per cent. It will be a great day.

REAL HEROES
The news dispatches in The Age Tuesday told of another horrible disaster on the water, the sinking of the lake passenger boat Nomi. While the disaster was not so terrible in loss of life as might have been yet there are two or three items in it worthy of more than passing remark. In the first place four members of the crew were burned to death fighting the flames. The last man to leave the ship was the captain. Only one passenger was burned to death. Fortunately another steamer appeared on the scene and saved a holocaust. But how different from other stories that have been told of fires at sea. Oftentimes it is the seamen who escape and the passengers who burn. The captain sometimes runs the first boat away. There were a bunch of heroes in that little crowd of sailors up on Lake Michigan. They were made of the kind of stuff that makes nations great.

Trouble Ahead for the Tyrant Man.
The explanation that Mrs. Milholland, who has put the eight-pointed hat thirty-one feet eight and one-fourth inches at Vassar, breaking the record at that institution of learning by almost two feet, is fitting herself for woman suffrage work in England, will be heard with consternation at Westminster—New York Sun.

Follow a Good Example.
Denver (Colo.) has been having her period of spring slicking up, ordained by Mayor Spear, and during three days citizens labored to make their premises clean and attractive. The Denver example has been followed in Colorado Springs and other cities of that state. There is no patent on the idea, and the good work ought to spread into other states—Springfield Republican.

Claims Negroes Shot Up Town.
Washington, May 22.—Paulino S. Preciado, editor of a Mexican newspaper in Brownsville, Tex., and an eye witness to the shooting of Frank Nations the only man killed in the affray there, was on the stand before the senate committee on military affairs. He swore positively that the men who did the shooting were negro soldiers. Continuing his story, he corroborated testimony given by other witnesses who were at the saloon.

Pat Crowe Acquitted.
Council Bluffs, Ia., May 22.—Pat Crowe was acquitted by a jury in the district court on the charge of holding up two streetcars in this city about two years ago and robbing the crews. The disposes of the last criminal charge against Crowe, who became notorious several times as a hold-up man.

OHIO NEWS
Toledo Ice Men's Contention.
Cleveland, O., May 22.—If the contention of the attorneys for the Toledo Ice and Coal company, in which they ask that all of the 157 counts in the indictment charging violation of the anti-trust laws against the company be quashed, is legally well founded, it is said that thousands of indictments against the Standard Oil company, railroads and other corporations are practically worthless. In the petition entered in the Toledo branch of the United States district court, Attorneys Smith and Beckwith claim that Judge Humphrey, in deciding the so-called beef trust cases in Chicago, holding all persons testifying before the grand jury were personally immune from indictments, was correct so far as he went, but that the corporations represented by these witnesses also are immune.

Boat Capsized.
Chillicothe, O., May 22.—Jesse Larkby, 16, was drowned in Paint creek, near Frankfort. He was in a boat with Frank Mick and Tilden McKenzie, when it capsized. Mick, who was the only one who could swim, rescued McKenzie, but could not save the other boy. The Darby boy's father came running from their camp just in time to see him go down for the last time.

Taxation of Church Property.
Columbus, O., May 22.—The supreme court rendered a decision affecting the taxation of property owned by the Catholic church in the diocese of Columbus, which sustains the decisions of the lower courts of Franklin county. By this decision taxes will have to be paid on all church property not devoted to charitable and public purposes.

Deliberate Suicide.
Toledo, O., May 22.—Harry Richardson placed his diamond ring on his wife's finger, as she lay in her bed, walked into the front room of his home and shot and killed himself. Richardson was a native who sailed out of Cleveland. He came to Toledo last winter. For some time he has been drinking heavily.

Died of Injuries.
Akron, O., May 22.—As a result of injuries received in the collision on the Akron, Bedford and Cleveland electric line near here Sunday night, Harry Nilsson, the no man who lost both legs, is dead. William F. Lynch, conductor, is fatally injured. Eighteen persons were injured in the collision.

Hogs Struck.
Springfield, O., May 22.—At a single stroke of lightning here 19 hogs on the farm of Harper DeVoe, who resides near this city, were killed. The hogs were under a large tree to protect them from the storm when lightning struck the tree, killing every one of them.

Took His Own Life.
Akron, O., May 22.—Henry Miller of Greentown, while sitting on the porch of J. H. Motz, his friend, drank carbolic acid and died about an hour later. He had asked Motz for work and complained that his wife had taken his money and revolver from him.

Train Crew Escaped.
Geneva, O., May 22.—A 12-ton road engine drawing a train of log trucks broke through the big bridge, spanning Grand river at Harpersfield. O. The engine, owned by Wright Brothers of Saybrook was making its initial trip. The crew escaped.

THOMAS CORWIN—1841-1842.

Thomas Corwin, governor from 1841 to 1842, passed through the political training school of the bar, the state legislature and congress before assuming the chief executive chair. He was born in Kentucky in 1794 and died in Washington in 1865. He studied law and was admitted to the bar in Lebanon, O., in 1817. In 1821 he was elected to the legislature and in 1830 was sent to congress by the anti-Jackson party. He was nominated by the Whigs as a candidate for governor. In 1845 Governor Corwin was elected United States senator by the Whig party. He was appointed secretary of the treasury by President Fillmore in 1850. He was re-elected to congress in 1858, and on March 12, 1861, President Lincoln appointed him minister to Mexico. As an orator Corwin had few equals. When he was stricken with paralysis all of Ohio grieved. He was a wonderfully strong man.

SAILOR BOY HOME ON LEAVE
THOS. GAINOR IS SINKING

Ralph K. Shaffer, ship's cook on the first class Battleship Illinois, arrived in Coshocton Saturday on a ten day leave and is stopping at the home of Harlan P. Wiggins on Orchard street. The Illinois, along with Alabama, Kearsarge and Kentucky are now lying in European Roads, the others of the big fleet have gone to New York harbor. Ralph Shaffer was employed at the post office here. He has been in the navy about a year. When asked if he liked it he replied "You've got to like it."

SIX DEAD.
Runaway Cars Plunge Into a Train Carrying Miners.

Dayton, Tenn., May 22.—While returning to their homes in Dayton from the mines of the Dayton Coal and Iron company, six white miners met death and several others were injured. About two hundred men were in the cars on the short line of the company. Two heavily loaded freight cars that a yardman had been switching with a heavy bar, got beyond his control and plunged down a thirty-five foot grade into the rear end of the train carrying the miners. The miners who were killed were: John Teels, Dely Green, James Towery, Elijah Huff, Tom Jarmon, Bert Best.

Will Assist Oklahoma Democrats.
Washington, May 22.—A statement was issued by Secretary Charles A. Edwards of the Democratic congressional committee, pledging to Oklahoma Democrats the hearty support of the committee in the political fight in the new state. Edwards says: "The Democratic situation in what will be the new state of Oklahoma is eminently satisfactory and I firmly believe we will win a signal victory there next August. I make this statement after a conference with Hon. J. B. Thompson, chairman of the Oklahoma Democratic committee."

M. D. Custer has gone to Illinois on business.

Not a Word in Favor of Bill.
Dublin, May 22.—The largest, most representative and most harmonious convention that ever assembled in Ireland repudiated the plan for a limited Irish council, which was all the Liberal government had to offer in fulfillment of its campaign promises. This action killed the hope of any home rule legislation by the present parliament, created a serious split in the government's forces and may have far-reaching results. The temper of the convention was plain from the beginning. No one had a word to offer in behalf of the bill. Home rule or nothing was the unanimous sentiment, and the resolution rejecting the measure proposed by John E. Redmond commanded every vote.

Mutual Trustee Resigns.
Chicago, May 22.—Harlow N. Higginbotham of this city, who was recently elected a trustee of the Mutual Life Insurance company of New York, sent in his resignation. In a letter accompanying the resignation, addressed to William F. Dix, the secretary, Mr. Higginbotham says: "I am not in sympathy with the present situation within the directorate, or at Albany, and as these do not seem likely to change in the near future, I beg to tender my resignation as trustee of the Mutual Life Insurance company, to take effect at once."

Is FREE From Tartaric Acid or Alum

There are several brands of bad baking powder on the market. Look out for them!

Some kinds have Cream of Tartar in them. Others have Tartaric Acid or Alum. All of these substances are corrosive poisons!

Of course these bad baking powders do not contain enough dangerous ingredients to kill anyone—just enough to produce an irritating effect on the stomach and bowels.

Bad baking powder is one of the great causes of dyspepsia and nervous troubles.

You can protect yourself from all danger and insure better baking results than you ever had before, by using the famous Egg Baking Powder.

Egg Baking Powder is made from wheat phosphates and egg albumen.

The wheat phosphates which form the acid ingredient have both food value and tonic properties. On the other hand the Cream of Tartar and Tartaric Acid of some high priced baking powder on the Alum of low-price brands has no food value at all.

After heat and moisture have been added, as in baking, this acid forms strong metal salts which are highly injurious.

Don't allow a grocer to sell you a baking powder that breeds dyspepsia! If it is free from Cream of Tartar, Tartaric Acid or Alum, the label will say so!

Insist on pure, wholesome, Egg Baking Powder—it's safe! Not only healthful, but has wonderful leavening power. Insures best baking.

All good grocers sell "Egg." Send us a postal for free copy of *The Egg Cook Book*.

In all the various weaknesses, displacements, prolapsus, inflammation and debilitating, catarrhal drains and in all cases of nervousness and debility, Dr. Pierce's Favorite Prescription is the most efficient remedy that can possibly be used. It has to its credit hundreds of thousands of cures—more in fact than any other remedy put up for sale through druggists, especially for women's use. The ingredients of which "Favorite Prescription" is composed have received the most positive endorsement from the leading medical writers on Materia Medica of all the several schools of practice. All the ingredients are printed in plain English on the wrapper enclosing the bottle, so that any woman making use of this famous medicine may know exactly what she is taking. Dr. Pierce takes his patients into his full confidence, which he can afford to do as the formula after which the "Favorite Prescription" is made will bear the most careful examination.

Dr. Pierce's Pleasant Pellets are the best and safest laxative for women.

Queen Esther Circle Gives Pencil Social

The members of the Queen Esther Circle are arranging for a "pencil social" which will be given in the parlors of Grace church Thursday evening beginning at 7:00. Just what the nature of the entertainment may be is not divulged to an interested public—they will have to wait and see—but the girls say it will be something well worth attending. A small admission fee will be charged.

Roscoe Club Entertained By West Lafayette Ladies

This is the day which has been so happily anticipated by the members of the Roscoe Woman's Club and the Twentieth Century Club of West Lafayette. It was just a week ago that the Roscoe ladies received the gracious invitation extended by their club sisters of West Lafayette and today in response to that invitation, an excellent representation of the Roscoe club boarded No. 10 for the ride to West Lafayette where they were right royally entertained. Mrs. Noah McClain lent her home for the gathering; it was simply decorated with flowers and after the elegant three-course dinner had been served an entertaining program was given. The first number on its was an amusing little farce "A Trial By Jury." It set forth the way in which a case would probably be judged if women were unimpaired and was mirth-provoking if not complimentary. Mrs. Thrapp played the part of "foreman" of the jury and the other members were Mrs. Bert Lehighinger, Mrs. Griffin, Mrs. McClain, Mrs. Beest, Mrs. Perry, Mrs. Zilma Lehighinger, Miss Mary Kirkpatrick, Miss Anna Russell, Miss Satterwhite, Mrs. Robert McClure and Mrs. Davis. After the farce Miss Satterwhite gave an instrumental number. Mrs. Mackaman gave a vocal solo. Mrs. Robert McClure gave a reading and a cleverly arranged guessing contest came to an end just in time to permit the guests to catch No. 3 for the ride home. The event was a memorable one and one of those happy gatherings which serves to knit closer the lives of friends.

The Roscoe ladies who went were: Mrs. Archie Clark, Miss Nellie Sykes, Mrs. George Hill, Mrs.

Overworked Women

The Suffering and Pain Endured By Many Working Women is Almost Beyond Belief.

THERE are thousands of American women whose duties call them out in all winds and weathers, many of whom sit with wet feet or stand all day, thus weakening and undermining their health. Women, however, for the most part, spend their lives at home, and these women are willing and ambitious that their homes shall be kept neat and pretty, their children well-dressed and tidy, and do their own cooking, sweeping and dusting, and often washing, ironing and sewing for the entire family. Both of these classes call for our sympathy.

Truly the work of such a woman is "never done," and is it any wonder that she breaks down at the end of a few years, the back begins to ache, there is a displacement, inflammation or ulceration of certain organs, and the struggle to continue her duties is pitiful.

Lydia E. Pinkham's Vegetable Compound.

Made from native roots and herbs, is the exact medicine a woman needs whose strength is overtaxed. It keeps the feminine system in a strong and healthy condition.

Mrs. Sadie Abbott, of Jeannette, Pa., writes:
Dear Mrs. Pinkham:— "I suffered severely with pain every month, and also a pain in my left side. My doctor prescribed for me but did me no good; a friend advised Lydia E. Pinkham's Vegetable Compound and I wrote you in regard to my condition. I followed your advice and am a perfectly well woman. The pains have all disappeared, and I cannot recommend your medicine too highly."

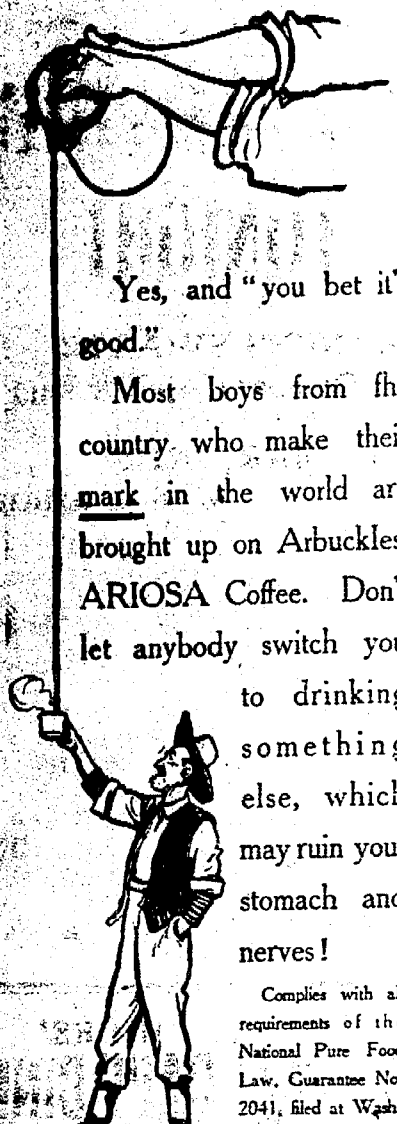

Mrs. Lena Nagel, of 117 Morgan St., Buffalo, N.Y., writes:
Dear Mrs. Pinkham:— "I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain and was subject to fits of crying and extreme nervousness. I was weak and tired. Lydia E. Pinkham's Vegetable Compound completely cured me."

Mrs. Pinkham's Invitation to Women.
Women suffering from any form of feminine illness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience, Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND,
made from Native Roots and Herbs, complies with all conditions of the new Pure Food and Drug Law.

WORMS

It had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August, 1914, purchased a box of Cascarets and was surprised to find that I had "come back" again. The worms were gone. Judge our doctor's surprise when I showed him thirty keels, and in another day the remainder of the same length of a tape-worm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

WHAT THE POLL REVEALED

Report of Committee On Tariff and Reciprocity Submitted to the Convention—Fund of Million and a Half Urged to Combat Labor Unions. Opposed to Rate Regulation.

New York, May 22. — President James W. Van Cleave, in presenting his annual report to the National Association of Manufacturers of the United States, called for a fund of \$1,500,000 to be used during the next three years in combating what he termed industrial oppression. The principles of the association were, he said, founded upon the open shop, opposition to the boycott and the dictation of labor unions, and the fund would be required to further these tenets. Subsequently, a committee of 35 was named to devise means of raising the million and a half.

The association placed itself on record by the adoption of a report submitted by the committee on interstate commerce, opposing any compulsory reduction in the rates for transportation of passengers by railroads. The committee, in its report, expressed the opinion that any such reduction would be accompanied by an increase in freight rates.

The report of the committee on tariff and reciprocity, including the result of a poll of the members as to their views on tariff revision, was made to the association. While the committee has carefully guarded its findings, it was authoritatively stated that the poll had found sixty per cent of the 3,000 members of the association in favor of a revision of the Dingley tariff. This practically would be the reverse of the expression elicited by the Home Market club of Boston in a similar canvass.

St. Louis, May 22.—Henry Hahne, 65, shot and killed his mother-in-law, Mrs. Philip Drenning, 75, and then shot and killed himself. During luncheon, Hahne and his wife quarreled over his failure to obtain employment, and the shooting resulted.

CURES SPRING CATARRH
New York, May 22.—The fact that at last there has been a remedy discovered which will cure this disease which has baffled the medical world for years has attracted wide-spread attention among the thousands of sufferers in this country. The statement that a cure can be effected is being proven every day by the testimonials of cured patients which are received by the Toxiclo Co., 1125 Broadway, New York City. This company will send at their own expense a test treatment of Toxiclo that will demonstrate its worth.

Eloping Pastor's Forsaken Wife Says: "I Forgive Him!"

PASTOR AND GIRL WHO ELOPED—"I KNOW HIS HEART SECRET AND AWAIT HIM WITH OPEN ARMS," SAYS HIS WIFE.

MISS MARGARET MARTIN

(Associated Press Telegram)
Chicago, May 22.—A pathetic picture of a wife, recently, loyally awaiting the return of an eloping husband, is given in a new view by Mrs. Ella Samson Baynes, wife of the Rev. Harry L. Baynes, pastor of Grace church, who eloped with 17-year-old Margaret Martin.

"I await him with open arms," said Mrs. Baynes today, because I understand, I know his heart. I don't think he is little to forgive, because behind his elopement there is a secret—something that only he and I could know."

SENATOR DUBOIS BACKED BY W. C. T. U. MAY LECTURE HERE

Senator Dubois of Idaho—former U. S. Senator—may perhaps have a place on the Coshocton Chautauqua program. Senator Dubois was a prominent figure in the upper house of congress and was the champion of Reed Smoot and all Mormons, warring an indefatigable war against Mormonism. In fact it was the influence of that church that defeated him for return to the senate. He is strongly backed by the W. C. T. U. of the country and is keeping up his fight against Mormonism. In a letter to County President Mrs. C. B. Thrapp of West Lafayette, the Washington superintendent of the W. C. T. U. strongly urges that Senator Dubois be secured for lecture courses, etc., and the Chautauqua board has gladly taken it up with the bureau under which he speaks and if terms are not too high he may

TEN EXCUSES FOR AVOIDING CHRISTIANITY

Subject tonight—"Ten Excuses for not being a Christian." The attendance at the Church of Christ is much larger this week than last while the interest is much more intense. The subject last night was "Ten Reasons Why I Am a Christian" and was very convincing. Mr. Shellenbarger makes his appeal to reason and does not rely on questionable methods to win people to the Christ.

One thing that he said that appealed to a great many was "infidelity has never been able to stand the weakest tests. A few years ago infidels in France established a colony in one of the islands near the coast of France, where they might carry out their ideals, only a few years passed before they deserted it and the greater number of them became Christians. Again a lumberman of Maine established a camp and would not employ any workman unless they were infidels, in less than two years he was discharged every infidel he had, and hired Christians, and with his own money built a church and employed a preacher."

A meeting for "Men Only" was announced for Saturday at 8 o'clock.

Meetings Go On Just as Usual

Rev. Johnson left on the Wheeling Tuesday afternoon for Bowmanville, Ontario, Canada, having received a telegram stating that his father was very ill. The meetings in progress at the Church of Christ will continue in charge of Rev. Shellenbarger and Mr. Knight.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

A Bit of Green.

People who have no skill with house plants or any time to attend to them may nevertheless have a refreshing bit of green with no trouble at all. English ivy grows freely in water, and a few slips in bottles concealed behind pictures and mirrors will be a source of great pleasure through an entire winter. Fill the bottles with fresh water once in awhile and direct the course of the new growth by common pins stuck in the wall, and that is all the care required for a highly decorative frieze of graceful garlands.—Harper's Bazar.

GOOD BALL GAME SURE FOR SATURDAY

Coshocton is sure to have a good game of baseball Saturday afternoon, providing the rain does not interfere. Manager Gorseline, of the Coshocton team is trying to arrange a game with the Dennison P. H. A. C. team to be played at Riverside park, but the contract has not yet been closed. Should the Coshocton team, not have a date here Saturday, the Wizards will play the strong Otsego team here. The Otsego team is made up of oil men who have only been in Otsego a short time, and the team ranks among the first class amateur teams of the state. They are all big

husky fellows who operate the oil fields there, and strangers to this part of Ohio.

The Otsego team defeated the Wizards in a game at that place recently by the score of 8 to 4, and the boys are sure they can do better on the home grounds. At any rate, if the game is scheduled Saturday, those who miss it will miss a good game of baseball.

The Coshocton team may play at Newcomerstown Saturday, if they cannot induce Dennison to come here. Newcomerstown has a fast amateur team this season, and have been winning nearly every game played.

Thompson May Not Catch

There is a possibility of the Wizard team losing their fine catcher, Thompson. He met with an accident recently that may retire him from behind the bat, but in that event, he will still captain and hold a position on the team. He has been mentioned as a good catcher for the team, in case Thompson goes out, and it is thought he will make a star. He has a good arm and few stolen bases would be made on him. Thompson would probably take his place at first base.

Games For Decoration Day

The Coshocton team will play the King Company team of Newburg in Decoration Day, and the Wizards will probably go to Cambridge for two games with that city. The Wizards are an average game, with a number of first class players, and expect to give the Coshocton public the best amateur baseball they ever witnessed.

Gardner Gets Decision.

Denver, May 22.—Jimmy Gardner of Lowell, Mass., won the decision from Harry Lewis of Philadelphia in a ten round bout before the Coliseum Athletic club. Gardner outpointed Lewis in every round, the latter landing but few clean blows. There were no knock-downs and no blood drawn.

Bancrofts Won

The Bancroft school defeated the South Lums Monday evening by the score of 15 to 3. The lineup of the winning team is as follows: Greer, C. Finger, P. Jones, ss. Borch, 1b; Stewart, 2b; Wimmer, 3b; Berlin, rf; Moore, cf; Mulford, lf.

Lodge Notes.

The Macedon lodge will initiate a class of 10 or 12 tonight. A big time is on. The Protected Home Circle lodge initiated two new candidates Tuesday evening and afterward, ice cream and cake were served. The K of P lodge will confer the rank of Page on two candidates this evening.

THE KELLY MILLER CASE

Continued from Page One.

terized by Dr. Kit-smiller and it is not claimed that Dr. Kit-smiller's medicine caused this trouble."

What State Expected

Thereupon Prosecutor McDowell was permitted to tell the jury what he had expected to show by the testimony of Detective Miller while in jail. It was as follows:

That Kelly told the detective that he wrote the letters.

That he did give Cora Benell certain drugs for the purpose of bringing about a miscarriage.

That Kelly told him when he had visited Cora Benell and that he knew her condition.

That they were engaged to be married.

That he received a number of telephone messages asking him to come up but that he was afraid to go as he might be there when she died and this would furnish strong evidence against him.

That he would have married Cora Benell, if he had thought she would have died from the trouble.

That he represented himself to be a physician and gave her medicine.

That if he had thought she would die he would have gotten the medicine from a doctor so as to shift the responsibility.

That he intended to escape; that he advised Cora to go to Dr. Lear but that no damage resulted from taking Dr. Lear's medicine.

After these statements to the jury the state rested its case at 9:10.

The Age secured copies of the four letters which the judge ruled out of the case. They are dated at Coshocton December 14, December 18, December 21 and December 24.

The first one refers to Cora's sickness and Kelly promises to come up the next Sunday if possible.

The second tells her to have her folks telephone for Dr. Kit-smiller.

"Have something done soon. You can't get well without something is done for you. Don't be discouraged dear. Perhaps it will come out all right in the end."

The third letter thanks her for her photograph and assures her that he is not going back on her. He tells her he will give her a Christmas present later on and that if she will come down to Coshocton he will pay her board.

"The old woman and I had a racket the other day. I told her I was going to break up house keeping in the spring. She said she would take the children. I said all right. We had a good round of it."

yours and as I have a little time I will drop you a line or so. Well I am about all in with the blamed rheumatism again. Hardly get around today, darn darn the infernal luck any way. If I could see you it would get better. I know it would. Gee whiz but I want you to come back to Coshocton. Say dearest about the medicine; I want to wait until you come back for I want you to be close where I can see what is going on, as I want to tell you in person what to do, as it is not to be fooled with. So don't worry yourself not one bit until I see you on your feet again and then we will see what can be done. If nothing, that is safe. Then I'll pay 75c for the papers and the stuff will be all off, now don't let any one see this, burn it soon as you get it, so people won't get wise. See the point?"

About the Xmas present, when you come down you can have any old thing you want and I will venture to say that I can get you something that will be as costly as those "hay seeds" bought for the girls at least I think so, and I think I know what I am talking about. So don't let them bother you about anything like that. Vance is getting as fat as a pig. Vivion is not feeling well as she has got a bad cold and the old woman—well she is still on deck (and a few berries). Got lots to tell you when I see you, can't tell you on paper as it would not look well on paper.

Well old sweetheart I might as well cut out for this time I was trying to get off tomorrow (Xmas) and come up but could not make the point so of course am disappointed. Don't let Tressie read this as she claims she has read my other letters but fool her on this one and burn it when you read it if you can.

"My Christmas present was all right thanks for the same. Just what I needed. Well I must close for this time and trust you will be able to come down soon."

"Lovingly Yours Only "I. K."

Kelly Miller's three attorneys prepared a sensation Tuesday night when they held a conference at the clerk's office and issued subpoenas for the county commissioners, Auditor Randall, Mayor Smith, Chief Marshal, Judge R. M. Vorhees, George Markley and everybody connected with the bringing of Detective Miller from Pittsburg and the "phony" horse stealing.

Judge Nicholas' decision in ruling out the detective's evidence made it unnecessary to call these witnesses.

They determined, they said, to follow the detective business to the bottom and compel the county authorities to produce the evidence.

The third letter thanks her for her photograph and assures her that he is not going back on her. He tells her he will give her a Christmas present later on and that if she will come down to Coshocton he will pay her board.

"The old woman and I had a racket the other day. I told her I was going to break up house keeping in the spring. She said she would take the children. I said all right. We had a good round of it."

The fourth letter is by far the most interesting and is a veritable

letter. It is dated at Coshocton December 14, December 18, December 21 and December 24.

The first one refers to Cora's sickness and Kelly promises to come up the next Sunday if possible.

The second tells her to have her folks telephone for Dr. Kit-smiller.

"Have something done soon. You can't get well without something is done for you. Don't be discouraged dear. Perhaps it will come out all right in the end."

MASSIVE DINING TABLES

Our showing of round pedestal dining tables has never been so complete as now. We have just added large shipments to our stock and can now furnish tables in 42, 45, 48, 52 and 54 inches in diameter.

The cuts shown here are exact reproductions of tables we carry in stock. Note the graceful curved lines—the beautiful hand-carved claw feet—the massive pedestal and the moulded rim; all made from the finest quarter sawed white oak and beautifully polished. They are equipped with a locking device that locks the top and pedestal together so closely that you can hardly notice where they are joined.

Conesville Had Serenade

Conesville is the candy and so is Coalport. Monday evening the Coalport band "chartered" a canal boat and dropped down to Conesville and gave a serenade. A message from Conesville to The Age says they want to band to "do it again" as they are always welcome.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. During the third of a century in which it has been in use, people have learned that it is the one remedy that never fails. When reduced with water and sweetened it is pleasant to take. For sale by C. R. Anderson, druggist, Coshocton, and by C. M. Ferguson, druggist, Roscoe, Ohio.

Attend Funeral Of Mrs. Vance

Misses Mary Shannon and Anna Mercer went to Newcomerstown Wednesday morning to attend the funeral of Mrs. Vance of Pittsburg, who died at the home of her parents in Newcomerstown of typhoid fever. Mrs. Vance was formerly Miss Ruth Hill of that town and attended business college in this city two years ago. She is well known to many Coshocton friends. She was on a visit at her home in Newcomerstown when she became ill with typhoid fever and in two weeks died. The funeral was held today at 2:30 o'clock and burial made in the Newcomerstown cemetery.

Water from Church Spring. County Auditor Randles is piping water from the old spring near the M. E. church to his home in Roscoe. It is reported that he intends building a number of new houses on his property there this summer.

WHEELING IS WILLING FOR CROSSING

At the conference held Tuesday evening between the street committee of the city council and Judge Adams of Zanesville, attorney for the Wheeling & Lake Erie railroad, Judge Adams gave the committee every assurance that the crossings wanted over the Wheeling tracks in the east and southeast of town would be granted by the company without any trouble. The committee accompanied him over the ground where the crossings are desired after which they went to the site of the proposed new freight house, where the company desires part of Hickory and Orange streets to be vacated. Judge Adams said that the railroad company is anxious that the city vacate the necessary ground. The members of the committee have not decided what they will do in the matter as a remonstrance to the movement has been filed by the property owners of that vicinity but the committee will make a report to council at the meeting next Tuesday evening. Mr. Pharon and St. Clair were the councilmen who conferred with Judge Adams, Mr. Temple being absent. Solicitor Williams and F. E. Pomeroy also took part in the discussion.

COURT HOUSE

Judge Nicholas Wednesday morning confirmed the sale of the property of the Coshocton Machine Manufacturing company. The Coshocton National bank's mortgage was made a first lien against the property, there being due the bank \$3862.50 on two promissory notes of \$1100 each. The answer and cross-petition of the bank was filed in the case of P. J. Hudet vs the Coshocton Machine Mfg. Co.

LET CONTRACTS

The county commissioners are letting several contracts this week. Wednesday morning Mr. Funk went to the Harrison Brubhart farm in Jefferson township to let the 16-foot concrete arch culvert. Surveyor Beck went to New Castle township to look after the letting of reinforced concrete abutment and bridge on the Ira Barrett farm. Thursday Commissioner Lixon will let the contract for the 8-foot stone arch culvert on the Theo Tubball farm in Bedford township and the two stone bridge abutments in Perry township. Friday he will let the 16 foot stone arch culvert on the Etna Chaney farm in Washington township and two jobs of stone work near Willow Brook. On Friday of next week the contract will be let for both sections of the road leading to the Big Island Ford bridge in Bethlehem township.

Indigestion

Stomach trouble is but a symptom of, and not itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else. It was this fact that first correctly led Dr. Shoop to the stomach nerves, alone brought that success out that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, flatulence, and all other complaints, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

HOW FROST HIT CROPS ALL OVER THE COUNTY

The over county investigation conducted by T. J. Hanley Tuesday, brief mention of which was made yesterday, curtailed by the break in the linetype resulted as follows: J. P. Darling of Nellie reports wheat safe; looks dangerous at New Castle. Mr. McCurdy of Cooperdale reports all small fruit badly injured wheat join tng, but not positive damage done to it. Mr. Barrett, of Mohawk says he

and others at Mr. Hanley's request made a close examination of the wheat and find it not harmed although there was a half inch of ice on water Tuesday morning. Mr. Mooney of Franklin made a full examination of wheat field, found a few black tops, and wheat jointing but wheat not badly damaged. Flour advanced to \$7.40 a barrel, highest in several years but still 20 cents under the price indicated by local wheat market.

KILLED A RATTLESNAKE

John Suntheimer, the well known section boss, of Fresno, killed a live rattlesnake the other day at Henderson's curve, on the Wheeling near Fresno. He was engaged in moving some ties when the snake appeared, rattling ominously. It was promptly dispatched and measured more than three feet in length.

Just a Year Ago Today

The Electric Theatre company opened their theatre to the public just one year ago today and to show their appreciation of the liberal patronage they have received at the hands of the public they will tonight only give a double bill, showing twice the usual number of pictures, with illustrated songs. They have engaged the Young American orchestra to furnish the music for the occasion. The price of admission will remain the same.
